

Building a Prince George that works for everyone & making lives better in a digital world

A shared vision to spur economic growth, attract and retain investment, and enable better economic, social and sustainability outcomes

# We are continuing our deep investment into Prince George

## Over \$275M To Date

Invested in Prince George since 2011, enhancing reliable cellular connectivity, including HWY 16, and to expand high-speed Internet and Optik TV.

---

## NEW \$150M PureFibre Investment

Announced last week, connecting over 90% of Prince George to TELUS PureFibre

---

## PureFibre Build Details

Covering over 90% of homes and businesses  
Crews have already started construction

No Cost, No Obligation

Starting right now, targeting to complete by early 2021

TELUS Gigabit Speed (940 Mbps Symmetrical)

## Investing in Our Communities

Internet for Good      TELUS Wise  
Mobility for Good      Health for Good

---

## Advancing healthcare

Babylon by TELUS Health

---

## Most giving company

**\$170M & 5.3M** volunteer hours contributed by the TELUS team in BC since 2000.

New national **\$120M Future Friendly Foundation** supporting vulnerable youth

As you advance your agenda, we're here to help  
Together, we can provide:

Advanced networks and  
wireless connectivity

Local innovation &  
community driven  
economic development

Future proofing the community  
as IoT (Internet of Things) and  
Smart City strategies come to  
the forefront

We know Prince George is ready to seize the opportunities made possible by a digital world.

Let's get the job done.
