Additional information about Masich Stadium Amenities Refurbish Loan Authorization Bylaw No. 9011, 2019:

This project is to replace and add outdoor site amenities and services at Masich Place Stadium to accommodate the 2022 BC Summer Games and ongoing use. This multi-year improvement program includes upgraded field lighting, a replacement of the score clock and PA system, and new pathway lighting, electrical kiosks, fibre optic connection, irrigation, bleachers, and site furnishings to support visitor services at the stadium. In 2017/2018, Masich Place Stadium received a reinvestment of over \$4.5 million with a new synthetic turf infield, resurfaced track, and new track and field infrastructure, as well as upgrades to the grandstand with exterior painting, lighting, and accessible infrastructure. The stadium was originally developed in 1990 to host the BC Summer Games and has been redeveloped as a multi-sport venue capable of hosting regional, provincial, and national championships with a CFL and FIFA regulation size infield, as well as IAAF track and field facilities. The addition of a synthetic turf infield will significantly increase annual field bookings 2.5x with ongoing use by UNBC soccer, high school football, and other community user groups. This project's improvements to existing site infrastructure and addition of new amenities and site services are required to support Masich Place Stadium's use as a premier venue for regional training and competitions, in addition to providing ongoing public use through the popular daily walking/exercise program.
