Where we are now

From February 10th City Council Meeting:

- There will be no grants
- But, watermain upgrades can share some costs
- Working group to be established
- Construction planned for 2016

Where we are now

Ridgeview Community Expression of Interest

- EOI Signed by 84% of Ridgeview residents
- Requested their area proceed separately
- The two groups will continue independently
- Outlined in report to Council

Where we are now

Ridgeview Community Expression of Interest

“...the residents of Ridgeview Drive want to communicate to you that we:

1. Want to maintain a 2015 construction date for the LAS project;
2. want to proceed with the LAS project independent of the other streets, as originally proposed;
3. understand that this request to proceed with the project is not subject to any grant funding;
4. understand that the CoPG estimating process must include maximum possible allowances;
5. understand that an LAS vote is needed in short order to advance this project this year.”
