Re: Hart Highlands Sanitary Sewer Local Area Service Project (LAS) - Phase 4

Dear Property Owner:

You are receiving this letter because you are a registered homeowner within the boundary of the proposed final phase (Phase 4) of the Hart Highlands Sanitary Sewer Local Area Service (LAS) project. Many homeowners in your area have requested a connection to the City sanitary sewer system, and this LAS project would provide sewer service to your neighborhood at the homeowners' expense.

Please visit the project website at www.princegeorge.ca/LAS for information about the project, previous meetings and past correspondence.

In order for the LAS project to proceed, it needs to be approved both by homeowners and by City Council. The City will be holding a public meeting on **Wednesday, June 28, 2017** to discuss the petition (voting) process that will determine homeowner approval.

Public Meeting

June 28, 2017 7:00pm
Heather Park Elementary School
Multi- Purpose Room
7151 Heather Park Rd

At the meeting City staff will present information about the project such as the LAS petition (vote) process and estimated project costs, and will answer questions about the future of the project. An information package will be distributed before the public meeting to allow homeowners to familiarize themselves with the new information.

If you have any questions, please feel free to call.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ian Sinclair".
