

## PROPERTY OWNER INFORMAL SURVEY

Hart Highlands Local Area Service (LAS) – Phase 4

Survey issued date: October 21, 2016

This survey is an informal request from the City of Prince George for your input. It is not a legal document, nor is it part of the official Local Area Service process. The purpose of this survey is to make the City aware of how many property owners are interested in a sanitary sewer connection and how many would be opposed.

If the majority of the property owners in your area support this project, we will prepare a more detailed design and cost estimate. The final decision to proceed with the Local Area Service project would be made by you, the property owners, through a formal petition after this information has been provided.

Please fill in the contact information below, complete the survey and return to City Hall by **Friday November 25, 2016.**

Attention: Ian Sinclair  
1100 Patricia Blvd.  
Prince George, BC V2L 3V9

Alternately, you can submit your completed survey at the public meeting on November 16, 2016; email your response to [ian.sinclair@princegeorge.ca](mailto:ian.sinclair@princegeorge.ca), or complete the survey online at [www.princegeorge.ca/HartSanitaryLASph4](http://www.princegeorge.ca/HartSanitaryLASph4)

**Property Owners' Name(s):** (Please correct errors if any)

**Please indicate how strongly you agree or disagree with the statements below and answer the questions.**

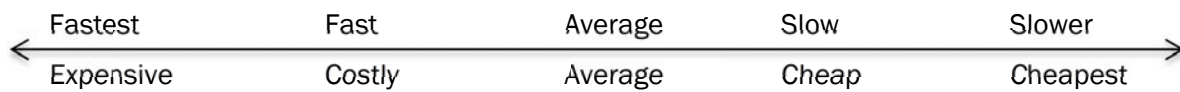

1. I am interested in connecting my property to the City sanitary sewer and would likely support a Local Area Service project for the installation.

Strongly disagree      Disagree      Neutral      Agree      Strongly Agree

2. I support City funded road widening along my street to improve safety and snow clearing operations and recognize that road realignment and widening will result in the loss of landscaping within the City owned boulevard.

Strongly disagree      Disagree      Neutral      Agree      Strongly Agree

3. Please indicate your preference for the projects relationship between cost and time by marking a location along the Time vs Cost scale below.

4. Other new improvements such as sidewalk or street lights should be made, recognizing that property owners would be responsible for the cost of this additional work.

Strongly disagree      Disagree      Neutral      Agree      Strongly Agree

5. What additional infrastructure if any would you like to see installed?

---

---

6. What level of communication would you prefer to receive?

Minimal involvement and only required communication.

Written communication to supply information, provide regular updates and collect feedback.

Written communication and updates, with public meetings to collect feedback.

7. What are you most interested in being involved with?

---
