

Proclamation

UNITED NATIONS DAY

- Whereas:* Seventy-eight years ago this year, war-battered nations celebrated the end the World War II with the founding of the United Nations, in the collective hope of bringing all nations together to work for peace and development, based on the principles of justice, human dignity, and the well-being of all; and
- Whereas:* Member States annually celebrate the accomplishments and progress of this essential international organization on October 24th the day the UN was formally established; and
- Whereas:* The United Nations Association in Canada has for those same seventy-eight years actively promoted global citizenship for all Canadians, while raising awareness of the fundamental principles of the United Nations which unite us all; and
- Whereas:* The United Nations Association in Canada has an active and vibrant presence in Prince George, BC and across our country, with members who join with citizens in all nations under the guiding words: "We the peoples of the United Nations... "; and
- Whereas:* The City of Prince George supports the United Nations and encourages all citizens to act in accordance with the ideals upon which the UN was founded and in support of a better world for all.

Now therefore, as Mayor of the City of Prince George,
I proclaim **October 24, 2023** as:
"UNITED NATIONS DAY"
in the City of Prince George.

Mayor Simon Yu
City of Prince George
